

BUSINESS BANKING

HELPING YOU MASTER
BUSINESS BANKING

BUSINESS eBANKING

Business eBanking is a turn-key, online business banking solution that enables Citizens First Bank to fully service the needs of our business customers in an online format.

Our Business eBanking service provides the following solutions:

- Electronic payment processing, including: ACH, Wires, Tax Payments, Account Transfers and Bill Pay.
- A simple, intuitive User Interface which allows our business customers to easily manage their finances.
- Comprehensive reporting for real time and historical transactions and balances.
- Alerts that help businesses better manage their accounts, payments and balances.
- Industry-leading fraud prevention capabilities including: Positive Pay, Account and Service Permissions, One-Time Passcode (OTP) and Multi-Factor Authentication (MFA).
- Anytime, anywhere access to full banking services.
- Allows businesses to control access and keep business account information safe with flexible user-permissions.
